

# HEALTH, SAFETY & ENVIRONMENT POLICY

IMS/AOGS/HSE/POLICY/00

This Organization is professionally managed company engaged in bolting and machining services.

AOGSL management recognizes Health, Safety and Environment as highest among the Organizational Goals and Objectives.

## The Management is fully committed to:

- Safeguard the health and safety of all workers, customers and any other person involved in our operations and to ensure that no harm is brought to the Environment through our actions.
- We are dedicated to comply with all statutory requirements with respect to Health and Safety of our workers and in conserving the Environment.
- We will integrate Health, Safety and Environmental aspects into all aspects of our business and operations.
- We will continuously strive to create awareness on Occupational Health, Safety and Environment by team work, training and meaningful communication of HSE policy of the Organization to all the employees, people working on behalf of the organization and relevant interested parties.
